OFFICE OF
SOLID WASTE AND EMERGENCY RESPONSE

<u>MEMORANDUM</u>

Subject: NPL-Update #6 Public Comment for the Public Docket and OSC's

From: Deena Watson
        HQ Superfund Docket Clerk

To: Mary Anne Daly
       Region III Superfund Docket Coordinator

Enclosed is a NPL Update #6 public comment appropriate to your Region which needs to be included in the public docket in support of NPL Update #6. This comment was received after the formal comment period, which closed 3/23/87. Any additional comments received by Headquarters will be sent to you on an 'as-received' basis. Should you receive any public comments please send them to Headquarters as soon as possible.

I have sent you today two (2) sets of identical comments. One copy is intended for the Superfund public docket. Please leave this comment in the labelled folder and see that this material is promptly inserted in the NPL Update #6 public docket, allowing immediate public access. The other copy should be distributed to the appropriate OSC to begin the technical review process for a coordinated Region/Mitre/Headquarters comment response.

I have also enclosed an index of all the public comment received to date. Please remember that the Headquarters docket houses all of the public comments while the Regional dockets contain only comments pertinent to the Region. The code NPL-U6-3-1-R3 is translated as follows:

- NPL-<u>U6</u> defines the update the commentor is commenting on
- The NPL-U6-<u>3</u> designation means that the document is a public comment
- The NPL-U6-3-<u>1</u> designation means that this is the first comment received
- The NPL-U6-3-1-<u>R3</u> designation means that this comment is applicable to Region 3.

You have been sent the following applicable comment: NPL-U6-3-L26-R3. The -L designates that this is a late comment received after the closing of the formal comment period. Please do not hesitate to call me at FTS 382-3046, should you have any questions.
